Workshops are intended to foster discussion and exchange of ideas on hot topics in the broader field of HCI. Proposals for creative formats are encouraged, where the benefits for workshop participants would need to be indicated.

Following its predecessor in the context of HCII 2023, the **HCII 2025 Design Café** will provide an opportunity for discussion and rethinking of important topics of global interest.

The **Conference Proceedings** will be published by Springer in a multi-volume set. Papers will appear in the LNCS and LNAI series, while poster extended abstracts, in the form of short research papers, will be published in the CCIS series. All volumes will be available on-line through the SpringerLink Digital Library, readily accessible by subscribing libraries, and indexed by a number of services, including: CPCI, part of Clarivate Analytics' Web of Science; Scopus; EI Engineering Index; ACM Digital Library; Google Scholar; DBLP, etc.
